

THE KELOWNA COURIER

AND OKANAGAN ORCHARDIST

VOLUME 19

Kelowna, British Columbia, Thursday, March 1st, 1923

NUMBER 28

NO INCREASE IN SCHOOL ESTIMATES

Board Recognizes Need Of Keeping
Down Expenditures

It is rare indeed for Mayor Sutherland to be absent from a meeting of the Council if he is in town, but he was detained by duties connected with his membership of the Organization Committee of the Co-operative Growers of British Columbia, Ltd., and was unable to reach the regular fortnightly meeting on Monday night until the formal proceedings were over. Those present included Aldermen Rattenbury, Knowles, Meikle, Morrison and Shepherd, and Ald. Rattenbury was moved to the chair.

A letter was read from the West Kootenay Power Co. submitting a claim for \$208 for repairs to air hose, unloading and overhauling the air compressor and cement gun lent by the Company to the City last year without rental charge, for construction work on the reservoir. The letter explained that the equipment had not been returned in as good shape as it was when lent to the City, the air hose having been cut in two and the coupling taken off, and the cost of handling, replacements and repairs to put the outfit again in condition amounted to the sum claimed.

Superintendent Blakeborough said he could not understand how the air hose could have been returned to the Company cut in two, as the whole outfit was shipped from Kelowna in exactly the same condition as it was received. Owing to the fact, however, that the Company had lent the equipment without any rental charge, he did not see there was any course open to the City but to pay the amount claimed for repairs.

In this view the Council concurred, and it was decided to pay the claim. Mr. V. E. Ellison wrote on behalf of the Oyama Tennis Club to enquire as to the cost of laying out tennis courts, which he understood the City had undertaken last year with good results. The letter was referred to the Kelowna Lawn Tennis Club.

Another letter of enquiry related to the desirability of Kelowna as a place of settlement for a family of five now resident at Qu'Appelle, Sask., and it was referred to the Board of Trade.

Mr. Allen McPherson, of Orillia, Ont., wrote to the effect that he had learned that Lots 4, 5, 6, 7 and 8, Block 5, and Lots 20, 21 and 22, Block 15, all in Map 1306, were now registered in the name of the City of Kelowna. He purchased the lots in question a number of years ago from the Grand Pacific Land Co. and had paid a large amount for them, but he could not get title to them. While the property was not very valuable at present, he thought it might be better for himself and for the City if he were to pay taxes on them, provided he could get title to them.

It was decided to inform Mr. McPherson that he can buy back his lots at the prices now listed amongst the City's tax sale property, except Lot 7, which is required for street purposes, and a good title can be given him.

Mrs. Calder, chairman of the School Board, presented in person the estimates for the current year, showing a sum required of \$31,140. The total was placed at \$41,140, or \$4,000 less than last year, less government grant of \$10,000. Mrs. Calder explained that economy had been the chief consideration of the Trustees in framing the estimates. No increases in salary to teachers had been provided, not because the Board could not think the teachers were deserving but because they recognized that the present year would be a hard one upon the City financially and that it would be necessary to cut down expenses as much as possible. While there were a few pupils less attending school this year than last, the number of teachers could not be reduced until the summer vacation, as they were employed by the year. It might be possible then to do without one teacher, but no definite decision had been reached upon that point. The attendance at the Public School now numbered 494. Of these 26 were non-resident pupils coming in daily from the country. The Board had adopted a plan of collecting \$4.00 per month from each pupil whose parents did not pay any municipal taxes, but a number of the parents had got wise and had bought city lots upon which they paid about \$6 a year in taxes and thus escaped the heavier levy by the Board. For this reason, only 16 of the non-resident pupils were paying for tuition, and the Board now under consideration the advisability of charging all non-residents, whether their parents were taxpayers or not.

Ald. Rattenbury expressed the appreciation of the Council of the thoughtfulness of the Trustees in doing their utmost to keep down educational costs, and an exchange of compliments followed. Mrs. Calder stating that at the conventions of School Trustees she had attended she had heard many of the trustees grumbling about having trouble with their City Councils in order to get the necessary funds to run their schools, but the Kelowna Board had never experienced any friction of that sort and had always found the Council ready and willing to meet their requirements. Mrs. Calder then withdrew.

No response having been made to a formal demand for payment of arrears, authority was given by resolution to the City Solicitors to take the necessary proceedings for repossession against Mr. A. Edwards, occupant of

HOCKEY

Kelowna Won In A Close Game With
Rutland
(Contributed)

Owing to lack of time we were unable to give an account of the last hockey game of the Kelowna District Hockey League. The game was played on Friday, Feb. 16th, at McIvor's Pond, Rutland, the opposing teams being Kelowna and Rutland. The game was very evenly contested, Kelowna having a slight edge perhaps throughout. The score was 3 to 2 at the close of play. J. Groves' notched two of Kelowna's goals, while Fowler scored the odd one. Both Rutland's goals were scored by Connell. Wanless in goal for the farmer boys played a good game. The line-up was as follows:—

Kelowna	Rutland
Wanless goal	Parkinson
Logan l. def.	Busc
C. Duggan r. def.	Patterson
Connell l. wing	Fowler
Quigley r. wing	T. Groves
S. Duggan centre	J. Groves
Gray Sub.	
Referee, A. Garthorne.	

League Standing

By their win Kelowna clinched the lead of the league, and although two of the scheduled games have not been played, the position of Kelowna would almost certainly have been the same. The standing when the break-up of the weather put an end to things was as follows:—

Won	Lost	Drn.	Pts.
Kelowna 4	1	0	8
Benvoulin 2	2	1	5
Westbank 2	2	0	4
Rutland 1	4	1	3

Games unplayed: Kelowna vs. Westbank and Benvoulin vs. Westbank.

LARGE AUDIENCE ENJOYS "OLD MAIDS' CONVENTION"

Young Ladies Of United Church Give
Clever And Amusing Performance

(Contributed)

A capacity house greeted the production of the "Old Maids' Convention," given by the young ladies of the United Church, under the direction of Mrs. Braden, in Wesley Hall on Thursday evening. More than a score of maidens were for the nonce the unclaimed heirs of many years ago. Quaint costumes, aged and ugly, yet withal hopeful faces crowded the platform and one felt that the leaves of the old time family album were being turned. The production provided for no star and let it suffice to say that every part was well sustained from that of the efficient officers of the organization to the well-behaved cat, whose devotion to his mistress was clearly rewarded by his being transformed into three large links of sausage.

The reading of the current market quotations on the various available men was most interesting, particularly those parts which gave the ratings of resident bachelors.

Interest quickened with the announcement of the arrival of Professor Pinkerton, the distinguished scientist, with his wonderful elixir and his marvelous machine, the "Electro-radio Transform-her." Professor Pinkerton proved himself a splendid actor but, more important, he proved the real value of his wonderful discovery both by the reading of excellent testimonials and by practical demonstration. Wonderful were the transformations effected by the administration of the right elixir and few turns of the giant handle. Grey hairs and wrinkles disappeared magically and out of the wonderful machine stepped charming misses dimpled and blushing, stepping gaily and singing sweetly, ready for the conquest of man. What the audience might have seen tongue cannot tell had not the rash determination of one perverse old maid to be made in a man caused the utter demolition of the wonder machine and in the confusion of the wreck the curtain fell.

The Cast

Maribah Lovejoy, President of the Old Maids' Matrimonial Club: Miss Belle Shier.
Amarella Heywood, Secretary, Miss Dorothy Brown.
Priscilla Hope, Treasurer: Miss Lillian Burnett.
Anxiety: Dorothy, Miss Hattie Newhauser; Augusta Prim, Miss Ruth Brown; Faithful Blossom, Miss Lily Patterson; Fredora Bobkins, Miss Ethel Asher; Rhoda Larkin, Miss Minnie Curtis; Selina Baxter, Miss Delia Perry; Susanna Smith, Miss Ruby Latta; Miranda Price, Miss Ella Patterson; Mary Ann Barnes, Mrs. Blair; Sarah Jane Springstee, Mrs. Bowen; Eliza Hooker, Miss Bowen; Esther Snider, Miss Ethel Graham; Marion Perkins, Miss Doris Teague; Asenath Baker, Miss Florence Cartledge; Amanda Horn, Miss Edith Haug; Professor Pinkerton, Mr. A. E. Hill.

The following assisted as doubles in the transformation scene: Miss Lydia Han, Miss Amy Fleming, Mrs. G. Ritchie, Miss Elva Fleming, Miss Delia Perry, Miss Nan Borthwick and Mrs. A. Fraser.

Owing to illness the following were not able to take part: Mrs. Lowery, Miss Margaret Fumerton, Miss Phillips Teague and Miss Ivy Laws.

Following the recent disastrous explosion at the coal mine at Cumberland, arrangements have been made to displace the Orientals working there.

One of the houses erected under the Better Housing Act.
There being no further business to deal with, the Council adjourned until Monday, March 12th.

EARLY COMPLETION OF C.N.R. TO KELOWNA IS ASSURED

Sir Henry Thornton Gives Assurance That The Canadian
National Railway Branch Will Be Completed

(Special to The Courier)

OTTAWA, Feb. 28.—That the Railway Board has definitely decided to proceed with the completion of the Kamloops-Kelowna line is the assurance given to J. A. MacKellvie, M.P., by Sir Henry Thornton, who states that this will be among the first pieces of branch construction in Canada to receive the attention of the Board.

J. A. MACKELVIE.

BENVOULIN

A jolly crowd of young people met at Gordon's Pond Wednesday night of last week and enjoyed the good skating in the moonlight. Afterwards the girls served an acceptable luncheon, which somehow always tastes better outdoors, seated round a camp fire. Mrs. Gordon kindly provided hot cocoa.

Robin Red Breast is not the only sign of spring these days. The boys and girls are seen playing baseball in the school yards.

Although not entirely recovered from illness, Rev. J. A. Dow conducted service as usual last Sunday in Benvoulin Church. He thanked the Rutland visitors for so considerably relieving him of duty for that day and attending the Benvoulin service. Mrs. Dow assisted very ably by reading an interesting sermon by a New York minister.

The Benvoulin United Farm Women met at the home of Mrs. DeMara, last Wednesday, for a sewing bee, and a number of pretty and useful articles were contributed for the bazaar they purpose having in town very soon.

At Penticton the Municipal Council has decided to contribute \$500 yearly towards the services of a public school nurse, the balance of the latter's pay being met by the School Board and the Provincial Government.

RUTLAND

The contract signing campaign week is now a thing of the past, and although we have not secured 100 per cent here in Rutland, we are well over the 80 per cent, with many non-residents still to hear from. There is still time for the few residents who have not signed up, to repent of their attitude. They apparently do not realize the strength of public opinion on the matter. While it is not likely that the "stickers" will be ostracized, at least their popularity with the rest of the community will have waned to the extinguishing point.

Rutland seems in a fair way to obtain a real Community Hall at last. Work on the wrecking of the old packing house started the day following the meeting (Wednesday). By the following afternoon the shed was demolished and lay by the roadside. The work was done by a volunteer crew in charge of Mr. M. Bailey. Very little lumber was destroyed in the process; practically all the material can be used again.

In reporting last week's meeting we unfortunately neglected to say that the credit for the actual inception of the idea of purchasing the old packing-house goes to Mr. J. Reid. The question of a site is still in the air. It is hoped that a decision may soon be reached in order that work may commence upon the hall before we all become too busy upon the land.

The indications are that spring has "come," but we feel like touching wood while saying so!

Mr. George McKenzie was the speaker at the Rutland United Society meeting held in the Methodist Church on Thursday evening last. Mr. McKenzie spoke on a citizenship topic and made many references in his address to a familiar Boundary character, "Father Pat." The address was exceedingly interesting and was much appreciated by his audience, which was, unfortunately, not as large as it might have been. A little judicious advertising might help in this matter, perhaps.

The heartfelt sympathy of the community will be extended to Capt. and Mrs. J. F. Roberts in the loss of their infant son, whose untimely death occurred on Sunday evening last.

GERMAN MAGNATES LIABLE TO COURT-MARTIAL

DUSSELDORF, March 1.—According to a decree issued by General Degoutte, Hugo Stinnes and other mine owners and directors are liable to trial by court-martial, with possible imprisonment and fine, if they refuse to pay taxes on coal production in the Ruhr, or if they oppose the French and Belgian efforts to wrest from them shipments of fuel on account of reparations.

GLENMORE

Mr. R. Seath, who spent the winter in the East, returned to Glenmore last week.

Mr. Ralph Connor returned from the Coast on Friday last.

The Rev. E. D. Braden conducted the service on Sunday afternoon in the School, when an encouraging number were present. On Sunday, March 4th, the Rev. J. Dow will resume the regular Sunday evening service at 7.30 p. m. Will you make an effort to be present?

Miss Phyllis Teague, our school teacher, was able to resume her duties on Wednesday. Mrs. Perron substituted during the early part of the week.

Do those who take out car and truck licences in Glenmore remember that we are now a municipality and receive a share of the licence money? Glenmore, not Kelowna, on your tax paper ensures this share coming to our municipality.

Mrs. Shanley Kerr returned from Penticton on Monday.

Mr. W. J. Rankin was busy with his shovel on Sunday and Sunday divers dug the water on the lower road to keep it passable for our neighbours on the East side.

At the end of 1922 the main road was cleared of Russian Thistle but not so with many orchards. Large clumps are seen in several orchards round the town, which will in many cases be blown on to other orchards by the March wind. It will help if these are burnt along with the prunings.

RACE TRACK BETTING DEBATED AT OTTAWA

OTTAWA, March 1.—Race track betting held the House yesterday and on adjournment at six o'clock the discussion remained unfinished. As last year, the question was brought up by W. C. Good, Progressive member for Brant, who has a resolution which he expects will make illegal commercialized race track betting. Mr. Good explained that the purpose of the resolution was not to make horse racing illegal but to render illegal the business of commercialized betting at race tracks.

Hon. S. F. Tolmie, Victoria, said he would like to make it clear that he had not a dollar invested either in race tracks or horse racing. It was impossible to carry on racing without betting, and it was better that race track gaming should be under proper control than that it should be done illegally. He favoured federal control of racing from one end of the country to the other.

PRINCE OF WALES LAME FROM HUNTING ACCIDENT

LONDON, March 1.—The Prince of Wales, when he arrived at the Pilgrims' dinner last night, had to be helped from his automobile owing to lameness due to an accident sustained while fox hunting last week-end.

SIR WALTER CASSELS DIES AT OTTAWA

OTTAWA, March 1.—Sir Walter Cassels, judge of the Exchequer Court of Canada, died here this morning. He was born in Quebec, August 14, 1845, and was the son of Robert Cassels, banker. He was called to the bar in 1869, and in 1909 he went to the bench of the Exchequer Court.

CONSERVATIVE IS ELECTED FOR DARLINGTON

LONDON, March 1.—Alderman W. Pease, Conservative, was elected member of the House of Commons for Darlington in the by-election caused by the recent elevation to the peerage of H. Pike Pease, defeating the Socialist candidate.

AMBASSADOR HARVEY UPON DEBT FUNDING AGREEMENT

LONDON, March 1.—U. S. Ambassador George Harvey was the principal speaker last night at the Pilgrims' dinner in honour of Rt. Hon. Stanley Baldwin, Chancellor of the Exchequer, who returned recently from his successful debt-funding mission to the United States. Mr. Harvey declared that the funding arrangements represented the first real settlement since the armistice and would enhance "everlasting friendship" between the two nations.

MR. MACKELVIE ON ORIENTAL IMMIGRATION

Member for Yale Reiterates His Strong
Opposition To Entry Of Asiatics

A copy of Hansard just to hand contains a report of the remarks of Mr. MacKellvie, member for Yale, during the debate on proposed amendments to the Immigration Act, in the House of Commons on February 21st. Mr. MacKellvie spoke very briefly but with force, making his position on the question of Oriental immigration clearly one of uncompromising opposition to the settlement of Asiatics in Canada. He said, in part:

"Having lived for over thirty years in British Columbia, and having seen this menace of Oriental intrusion grow from small beginnings until it has now assumed proportions that cause it to over shadow practically every other problem we have to face in that province, I have always, in the innumerable discussions in which I have taken part during that time regarding this subject, endeavoured to approach it with a mind charged with more than local issues, endeavoured to view it with a full sense of the responsibility entailed by those who advocate complete exclusion having regard to international and imperial associations. That aspect, dealing with the constitutional phase of the question, was very ably and fully discussed last year in this House by the hon. member for Centre Vancouver (Mr. Stevens). His arguments left nothing to be said on the subject, and I do not propose to rehearse them now."

"In reply to the Minister of Trade and Commerce, if he apprehends that any difficulty regarding trade relations may arise from the enforcement of resolutions such as this, I wish to warn him that a much more serious difficulty, a much more inflamed state of feeling in the Orient, may very reasonably be expected to arise if this almost intolerable condition under which we are now suffering in British Columbia is allowed to continue, and that serious results are inevitably bound to follow. There will be the effect of creating far more inflamed feeling in the Orient towards this country than anything that could possibly result on account of restrictive measures which we may adopt."

"I gave my opinion to the House regarding this matter last year, and I suppose that those of us from my province will be compelled again to debate this question when the policy of the minister is brought up. I may say in support of this motion, not because I believe it is absolutely the best way of approaching the subject, but because I am always in favour of moving in any direction which will give us relief in British Columbia—and indeed, in other parts of Canada, for the menace is rapidly spreading—from this condition of affairs which strikes so vitally at the very fundamentals of our prosperity in that section of the country."

"As far as the constitutional phase of the question is concerned, I am prepared to reiterate what I said last year. If there be treaties standing in the way, denounce them. If there be anything that can be done by the parliament to absolutely put up the barrier against Oriental immigration of all kinds, let it be done immediately. Before I came to Ottawa I attended a meeting of the provincial association of the British Columbia farmers. A multiplicity of subjects was discussed and various resolutions advanced. Some of them were the subject of controversy, and debated at great length, but one question arose upon which they were united, upon which they did not even take the trouble of forcing the question to a debate of any kind; that was that the United Farmers of British Columbia, along with all other classes in that country, are absolutely determined to continue their fight as long as they can, until we get absolute and complete restriction of Oriental immigration into that province."

"I notice the minister said something about a proposal which he would advance to this House, looking to more effective restriction of Chinese immigration. So far, so good. We refrain from saying anything upon what is, perhaps, a more serious phase of the question; that is immigration from Japan. But dealing with each and every phase of it, I am convinced that nothing would satisfy British Columbia, and I am convinced that the time is very rapidly approaching when nothing will satisfy Alberta and other sections of this country than that the government shall stand four-square to the world and say that they exercise the rights which are undoubtedly ours and refuse to admit to Canada any more of this class of people."

"I notice the minister said something about a proposal which he would advance to this House, looking to more effective restriction of Chinese immigration. So far, so good. FREIGHT HANDLERS GET INCREASE OF WAGES

CHICAGO, March 1.—An increase of two cents an hour for 65,000 freight handlers and station labourers on approximately forty-one railroads and subsidiaries became effective today.

BIRTH CONTROL ADVOCATE WINS LIBEL ACTION

LONDON, March 1.—Dr. Marie Stopes was awarded damages of £100 by a jury yesterday in her action against Dr. Sutherland, who attacked her birth control campaign and alleged that she was conducting "a monstrous movement of experiments upon poor women."

SPORT NOTES

Mild Weather Ends Hockey

With the advent of spring weather, such as we are now enjoying, the two remaining matches of the Kelowna District Hockey League cannot be played. The past season has been a successful one for the ice sport and the programme attained has shown what would be possible under better conditions. The organization this winter was delayed and hampered by poor weather conditions, yet it brought about a keen interest in the premier ice sport. A cup has been promised for next season's schedule, which should stimulate an earlier organization. What is most needed in Kelowna is a live committee of curlers, skaters and hockey players to further sufficient interest in winter sports to guarantee the building of a good covered rink in town, so that Kelowna can properly entertain visiting teams and not be obliged to go far afield in order to stage sporting events which should be held here.

Athletic Field Day In April

Local athletes are anxious to hold a big field day in Kelowna, some time in April. The sports would embrace sprinting, bicycle races, mile, half mile and quarter mile races, road races of various kinds and bicycle races. Such a track meet would invite outside competition and should be more an annual event. Challenges should be sent to Interior towns and clubs and the championship of the Interior offered to those winning the events scheduled. A meeting of those interested in making arrangements for this affair will be held this evening at 8 p.m. in the O. K. Sporting Goods Store, when it is hoped that there will be a good turnout, as committees will be appointed, and the absentees owners all accounts should be the first town in the Interior to stage such a meet.

In order to get some idea of the local talent available to represent Kelowna in the running races, a road race will be run here on Good Friday. This will take the entrants over a five-mile course. It is expected that the R.M.R., Elks and C.W.V.A. will enter for this race. In this connection it may be mentioned that at Revelstoke and Kamloops the Good Friday road race is a big event and is undoubtedly instrumental in arousing activity in spring athletics. Any clubs interested in this event can get further information by phoning 347.

ELLISON

Another Club meeting was held on Monday evening, and a real good time was spent dancing, despite the small number of girls present.

Mr. Stonehouse is to return from Kamloops this week.

The Old Time Dance and Concert last Friday was another reather in the line for the local United Farmers, although those who patronized the affair gained the most, comparatively.

An immense amount of time and work had been put in by half a dozen young members of the United Farmers, and the result certainly justified their efforts. The two outstanding features of the concert programme were Mr. Val Halle's performance and Mr. Camiller's play, "Brief Authority."

With a capable chairman in the person of Mr. F. Bell, the programme commenced.

Unfortunately, Mr. MacGinnis was in the throes of a heavy cold and could not give the songs he had intended. Much to the audience's disappointment, however, to make up for it, Mr. MacGinnis took the platform and conducted some community singing, as was tried in Vancouver early in January and later in Kelowna. It is a splendid thing and amusing, when the audience is enthusiastic, but as it was the first attempt in this district, we could hardly expect it to be very successful.

Charlie Gowen was the next performer, and certainly showed the audience how to sing. His splendid rendering of "The Trumpeter" was heartily enjoyed and was followed by another song of a more sentimental type, which was thoroughly enjoyed.

Mrs. DeMara gave a pleasing recitation, which was highly appreciated. Mr. Val Halle gave us a very entertaining performance. His Hawaiian music was a treat worth having, whilst the shadow show was decidedly clever and amusing. The audience closely followed his movements during the conjuring but were none the wiser, and one surprise followed another all through his performance.

The last but certainly not the least item of the programme was the much waited for play, "Brief Authority." It would take up too much space to go into details of it, but it was a surprise to many people and kept every one laughing from beginning to end. Those taking part were: Harry Latta, as Captain Caruthers; "Chief" Caldwell, as Private Atkins; Ralph Bulman, as Mr. Dare, and Miss Whitworth, as Miss Dare, his daughter.

Mr. Edgar Camiller, the writer of the play, was doubtless the person who did most to make it the success it was. His coaching and assistance being invaluable, whilst Countess Olga Bubna kindly took his place when he was unable to be present at rehearsals.

Quite a large number of people from Rutland and Kelowna came in time for the dancing, and we assure them that they missed half the evening's entertainment by arriving so late. After one or two dances the refreshments were served, of which there was a plentiful supply of excellent quality. The dancing continued afterwards, with a varied selection of dances. Mr. Roy Scholtz directed the half-dozen sets of quadrilles very capably through six different figures, there being not one set at a standstill. Mr. DeCauwery had obtained an excellent orchestra, and the few dances in which Mr. Val Halle assisted with his guitar were delightful. The dancing did not cease until after "Three o'clock in the morning," after a most successful evening. The net proceeds from the affair are not ascertained, but will be shortly.

EIGHTY-TWO PER CENT HAVE SIGNED

Definite Refusals To Join Co-Operative Represent Only Three And One-Half Per Cent Of 1922 Tonnage

The following statement was given out today by Mr. R. W. Corner, local representative of the Growers' Organization Committee, at the campaign office on Bernard Avenue:

"The Kelowna districts have done remarkably well in signing up with the new organization, so far 82 per cent of the necessary tonnage having been secured. Those who, up to now, have refused to sign contracts represent only three and one-half per cent of the Kelowna 1922 crop of 19,140 tons. The balance is represented by absentee owners, all of whom are being communicated with, and there is every good reason to believe that the majority of these will sign the contract. Up to the present time, the district percentages are as follows:—

District	Percentage	Tonnage
Glenmore	79	4,858
Belgo-Rutland	79	3,277
Kelowna-Benvoulin	78	610
East Kelowna	87	5,499
West side of Lake	79	197
Ellison	79	381
Mission	89	328

Average percentage 82 total 15,650.

The above can be considered a satisfactory showing, as the percentage of refusals is small and it is highly probable that when the final returns are in, and the absentee owners all accounted for, the percentages for some of the leading districts will be much higher. It has been found advisable to extend the closing date of the campaign till tomorrow evening, March 2nd, so as to give time for some delayed returns to come in.

Mr. H. B. D. Lyons was in charge of the Kelowna office during most of the campaign, and with the assistance of many willing helpers was able to give answers to all questions asked and secure the necessary signatures, Messrs. Stirling, De Pyffer, Collett, Carruthers, Grogan, Wallace, Walker, Latta and Anderson deserve special mention for the hard work they put in and the splendid results they achieved.

The committee are anxious to acknowledge the indebtedness to Messrs. E. Wilkinson & Co. for their kindness in allowing the use of their office during the early part of the campaign, which courtesy was of great assistance to all the workers. For the final stages of the canvass the committee is making its headquarters in the office of the Department of Agriculture, kindly placed at their disposal, where all information can be obtained by tardy applicants.

GOVERNMENT SEIZES DOUKHOBORS' LUMBER

NELSON, March 1.—After putting up with the refusal of Doukhobors for years past to obey orders to employ licensed scalers at their lumber mills in this district, the Forestry Department today seized two cars of lumber from the Crescent Valley mill belonging to the Christian Community of Universal Brotherhood, and also a quantity of poles. The case will be fought out in court.

CELEBRATED DEMOCRATIC ORATOR IS DEAD

WASHINGTON, March 1.—Bourke Cockran, Democratic congressman from New York for many years and one of the most famous orators of his time, is dead here following an illness of a few days. He was 89 years old.

HINDENBURG STILL FROTHS AT THE MOUTH

BERLIN, March 1.—Field Marshal Von Hindenburg is quoted by the "Tages Zeitung" as having said at a meeting of the Hanover Agricultural League: "We will never forget that we are all Germans and must do our duty, and if necessary we will fight even until the last flag is torn to tatters and the last sword blade shattered. It is better to perish in honour than to live in disgrace."

VOLIVA TAKES A HAND AT PROPHECY

CHICAGO, March 1.—Wilbur Glenn Voliva, General Overseer of Zion, issued a prophecy today that a superman would arise out of the present international difficulties who would unify the nations and be welcomed everywhere, and even be accepted by the churches, but who would finally reveal himself as Anti-Christ and would try to persuade people to worship his image.

cellent quality. The dancing continued afterwards, with a varied selection of dances. Mr. Roy Scholtz directed the half-dozen sets of quadrilles very capably through six different figures, there being not one set at a standstill. Mr. DeCauwery had obtained an excellent orchestra, and the few dances in which Mr. Val Halle assisted with his guitar were delightful. The dancing did not cease until after "Three o'clock in the morning," after a most successful evening. The net proceeds from the affair are not ascertained, but will be shortly.

BOY SCOUT COLUMN

Troop First! Self Last!

Edited by "Pioneer."

27th February, 1923.

Orders by command for week ending March 8th, 1923.
Duties: Orderly Patrol for week, Lynx; next for duty, Eagles.

Parades: The combined Troop will parade at the Scout Hall on Monday, March 5th, at 7.15 p.m., and the regular basketball practices will be held on the Friday previous, commencing at 4 p.m.

The basketball matches with the Rutland and Revelstoke Troops will commence on Saturday evening next at 8 p.m. Scouts and Cubs wearing their button-hole badges, whether players or not, will not have to pay any admission for the games which is 25c for adults and 10c for children, but after the games the admission for everyone, Scouts included, for the dance and supper will be as announced by the Ladies Auxiliary, 35c. This does not apply to the visitors, who are the guests of the Auxiliary for the dance, and we are very grateful to them indeed for the assistance they are giving us towards the entertainment of our visitors. The invading party from Revelstoke will arrive by the s.s. "Sicamous" on Saturday afternoon and we would ask the Scouts who are billeting them to try and arrange to meet the boat. If for any reason they will be unable to do so, they are requested to notify the Scoutmaster. We should also be very glad if any of our friends having cars would be good enough to take our visitors for a little motor drive on Sunday in order that they may see something of the country. They will be here until Monday morning's boat. Our Scout Harold Dore is one of the party.

There will be practices for all those Scouts having fires at Mr. Gore's apartment every Thursday at 7.15 p.m. until further notice, and Mr. Gore has also very kindly undertaken to see what he can do towards turning out a Scout orchestra to assist at our Annual entertainment next May. Their first practice will be held at his apartment on Wednesday next, the 7th of March, at 7.15 p.m. The following are asked to be there: Scouts E. Todd, J. Herald and J. Borthwick (violins), Second B. McCarty and Scout F. Fumerton (cornets), Scout W. Knowles (piano) and Scout R. Williams (drums). We hope to put on our entertainment early in May and our ability to do so will depend upon the faithful attendance, punctuality, zeal and loyalty of every Scout in the Troop. We simply have not time to run the Bugle Band as some of the orchestra, particularly as some of the same players would be in both, so we thought the orchestra might be an interesting innovation for us and our patrons.

The Rutland Troop are giving their annual entertainment on Thursday evening and Saturday afternoon of this week in the Methodist Church at Rutland, and we wish them the best of luck with bumper houses.

Our hearty congratulations to P.L. Donald Balsillie for his good work in rescuing two little girls who had fallen into the lake off Stirling's wharf during the recent cold snap. The water was over their heads where they fell in, but not over P.L. Balsillie's who had, however, to jump into the water with his skates on in order to get them out. At the moment of writing we have not got all the details but P.L. Balsillie's quick work and undoubtedly averted what might have been a very serious fatality. The Scoutmaster would appreciate any details of the occurrence as well as the names of the girls or any witnesses, as it would seem to warrant a recommendation for a certificate or medal of merit.

There were only eight absentees from the parade yesterday evening, or in other words there was an attendance of 44. The mild weather will now make it possible for us to carry on much more advantageously and again we must say how much we appreciate our large hall. The Lynx were overcome by the Otters in their scheduled basketball game by 8 to 0, but there was only time to play two periods of five minutes each. The Eagles have not yet been beaten but the Otters say they have not yet had the pleasure of meeting them. They will have this pleasure (?) next Monday, however, in what should be the struggle of the series.

We are again looking everywhere for mattresses which are much needed in all our gymnasium work, and we look forward very much to the time when our funds will permit us to invest in a few of the regular gymnasium mats. Mattresses do very well while they last but the trouble is they do not last.

DARK'S SHOE STORE

THE BROWNIES

The First Kelowna Brownie Pack is a year old today, March 1st. It now numbers 42 members, which is the limit that can be accepted at present, though names are being registered to fill possible vacancies. The Brownie motto is "Lend a Hand," which explains the reason of their existence, and it is hoped that their influence for good is making itself felt in many Kelowna homes by quiet kindly acts.

Forty-one have passed their "Tenderfoot" test, i.e., Brownie Promise, Law, Motto, etc., and four have passed their second class test, i.e., Construction of British Flag, health exercises, sewing, etc. The Pack is divided into "Sixes," each "Six" under a leader or "Sixer," and the whole Pack has for its leader the "Brown Owl" with her two assistants, the "Tawny Owls." They gave their fairy dance in the Park last May Day and repeated it in Mrs. G. Harvey's garden, kindly holding their meetings in the Scouts' Hall, the loan of which is greatly appreciated. Later they hope to give another little entertainment, which they trust will give pleasure to the Kelowna children.

KELOWNA WOLF CUBS

Mothers often ask us this question: "Why didn't my boy get a badge?" or a star, as the case may be. Sometimes we have to think up a very diplomatic answer. This reminds us of what Mr. Ball said at the bazaar, that every boy was an investment. He meant that each boy had somebody interested in him alone; somebody who was wondering how he would point himself out in the world. Generally, it depends entirely upon the boy himself, but not always. Some have better advantages than others and greater opportunities, whilst others have physical ailments which will always be setbacks to them. Such have our sympathy, for their path through life is generally a hard one. Let us try to remember that the other boy is not always the "big head" because he doesn't do things as we think he should; it may be our lack of intelligence that prevents us from seeing the good points he has which we lack.

The happy summertime is coming, and the great outdoors welcomes us. Already the pussy willows are coming out and the grass is beginning to turn green again, whilst everything points to the advent of spring. Both the Cubmasters have bicycles and many of the Cubs, so perhaps it will be possible to form a little cycling club this year. All boys who have machines should take advantage of time now to overhaul them, and if parts want fixing remember now is the time the cycle man can do it quickly; he may be busy later with larger jobs. We hope all Cubs mend their punctures themselves. Those who have not got bicycles should have some other hobby. Many boys keep pets, and some keep them very badly, too. One boy told us, when we asked him what he had done as good turn that day, that he had "fed his rabbits!"

We would like to see every Cub make a bird house this spring. Start right now and you will fix a date for them all to be finished, and will have them on view in the Scout Hall.

It is surprising how few Scouts can throw a ball twenty paces with the left hand, as required for the First Star Test. Some boys tell us they can't do it. Here is a little suggestion: "This is a lesson you should heed, Try, try, try again. If at first you don't succeed, Try, try, try again. All that other folks can do. Why, with patience, may not you? Ever keep this rule in view—Try again."

\$138,000 of the amount of \$146,000 due the Provincial Government from the irrigation districts had been paid in on the 15th of February. This is considered to be a satisfactory showing. Not everyone realizes that the government of B. C. has loaned altogether over \$2,000,000 to the various irrigation districts and that under the present system, with all its often cited defects, many thousand acres of orchard land have been brought into cultivation, which had no such system been devised, would be still unproductive.

G.W.V.A.

The latest game in the Card Tournament was played last Wednesday in the Club Rooms against the Oddfellows, when we were successful in taking the whole 18 points. This win puts us level with the I.O.O.F. at 33 points, the Elks and S.O.E. being in the lead with 39 points each. These games have proved very enjoyable and have helped to foster good-fellowship between the various organizations taking part. It is hoped that it may be possible to wind up the season with a get-together banquet for all four organizations. Our next game is with the Elks in their quarters on March 6th.

The next meeting, on March 14th, is the Annual General Meeting, at which all members are urged to be present. Nominations for the office will close one week earlier. It has been decided to reduce the new executive committee to four instead of nine members.

Applications for the position of Secretary-Treasurer are invited. These are to be forwarded to the President, and will be considered by the incoming executive.

There will not be the usual dance tomorrow night, it being considered advisable to postpone it until the following Friday.

WINFIELD (WOODS LAKE)

The meeting of fruit growers called for last Thursday afternoon was fully attended, there being only a very few absentees. Mr. Fowler having been elected chairman and Mr. Shanks, secretary, the latter was requested to read out the clauses one by one of the matter Mr. Seon got into communication with the committee at Vernon and obtained the information that permission to sell surplus or over-ripe fruit might be obtained from the directorate of the local co-operative packing house. Having disposed of this matter, the business of signing up was in hand by the campaign committee, which consists of Messrs. Seon, Fowler, Shanks, Coe and Aberdeen. It is good to know that practically everybody signed. A decision as to the disposal of the company's fruit has not yet been arrived at.

We were next given an opportunity of discussing the new schedule of prices issued by the water company to take effect this year. Most objection was raised to the proposed rate of \$8 for the second acre-foot of water which will be obtainable if desired. Mr. Coe read a letter from Mr. Warren stating that the extra charge would be \$6, so it was resolved that the latter gentleman be interviewed on his next visit to the Centre and asked to alter the schedule accordingly; also to alter the new contract for one year only. During the interval refreshments were served by Mrs. Prior, Mrs. Arnold and Mrs. Jno. Edmunds, who were given a very hearty vote of thanks for their share in a successful gathering.

The spring seems to be opening up early enough this year. There is, however, always danger of late frosts in these too previous seasons. Three weeks ago buds of fruit trees in England were bursting because of the warm weather; a few days ago frost and snow returned with the certainty of considerable damage done. It is possible that we may be able to supply them in England should there be a shortage.

Dick Coe is nicely over his operation and is back at school again. Mr. Coe has just brought home the new tractor he has bought for orchard cultivation.

There are persistent rumours that something is going to be done on the railway before long, but nothing has been definitely decided yet.

Mr. Dow was unable, owing to the after effects of an attack of influenza, to take the Union Church service on Sunday as arranged.

SUBSCRIPTION RATES

(Strictly in Advance)
To any address in the British Empire
\$2.50 per year. To the United
States and other foreign countries
\$3.00 per year.

The COURIER does not necessarily
endorse the sentiments of any
contributed article.
To ensure acceptance, all manuscript
should be legibly written on one
side of the paper only. Typewritten
copy is preferred.

Letters to the editor will not be ac-
cepted for publication over a "nom-
de plume"; the writer's correct name
must be appended.

Contributed matter received after
Wednesday noon will not be pub-
lished until the following week.

ADVERTISING RATES

Classified Advertisements—Such as
For Sale, Lost, Found, Wanted,
etc., under heading "Want Ads." First
insertion, 15 cents per line; each
additional insertion, without
change of matter, 10 cents per line.
Minimum charge per week 30
cents. Count five words to a line.
Each initial and group of not more
than five figures counts as a word.
Billing fee for box numbers, c/o
The Courier, if desired, 10 cents
extra.

Transient and Contract Advertisements—Rates quoted on application.
Legal and Municipal Advertising—
First insertion, 15 cents per line,
each subsequent insertion, 10 cents
per line.

Contract advertisers will please note
that, to insure insertion in the cur-
rent week's issue, all changes of
advertisements must reach this
office by Monday night. This rule
is in the mutual interests of patrons
and publisher, to avoid a congestion
on Wednesday and Thursday and
consequent publication of The Courier
so as to reach country customers
before Saturday.

THURSDAY, MARCH 1st, 1923

Orchard Run

"KELOWNA, NEXT STATION!"

The telegram received yesterday
from Mr. J. A. MacKelvie, M.P.,
promptly bulletined at The Courier
office and now prominently displayed
on our front page, speaks for itself.
It represents the consummation of a long
and arduous struggle by our parlia-
mentary representative, by the Kelowna
and other Boards of Trade concerned,
and by leading citizens who have given
freely of their time to the fight to
secure completion of the Okanagan
branch of the Canadian National Rail-
way. It may be considered invidious
to mention names when so many have
done their share, but it would be most
ungrateful in the hour of our rejoic-
ing not to couple with attainment of
the long-sought objective the name of
Mr. Thomas Bulman, who has fought
a splendid and persistent battle, never
losing heart no matter how dim the
prospects appeared of ultimate success,
and rousing the somewhat lethargic
people of the Okanagan to apprecia-
tion of the importance of the branch.

Beyond the faithful few who have
urged the railway needs of the Okana-
gan upon the government for years
past, the people in general do not seem
to realize what direct railway connec-
tion will mean for the country between
Vernon and Kelowna and for the City
of Kelowna itself. For the beautiful
valley which, with its chain of lovely
lakes, has been described by the travel-
ler as unequalled by anything in Switzer-
land, the advent of the C. N. R. spells
the difference between peaceful stagna-
tion and active development, with the
elimination of long hauls of produce by
motor truck or wagon and the provision
of convenient shipping facilities.

For the City of Kelowna, it simply
means being placed upon the map in a
manner that will remedy, it is to be
hoped, many injustices of long stand-
ing. Amongst those who have helped
our Orchard City, more particularly
through the fame of its fruit, but have
never visited it, there still exists much
scepticism as to what a place can
amount to that has been but a port of
call for lake steamers for some thirty
years, and has not been deemed worth-
while of rail extension by the largest
transportation system in Canada. Ev-
en the smallest dot located on the map
of a line with a black line with the
short cross strokes bulks more largely
in the eyes of many people than a
busy and important town served by
navigation only. A port on an inland
lake spells isolation to those who have
not seen the country, and it will come
as a tremendous surprise to many peo-
ple to learn that immediately around
Kelowna lies one of the largest tracts
of arable land in Southern British Col-
umbia, and that it leads the whole of
the Okanagan in the acreage of its
orchards.

In the very heart of the best of the
Okanagan, a thriving little city of some
three thousand people has been given
the cold shoulder by federal and provin-
cial governments and by the trans-
portation company that annually draws
an enormous revenue from the ship-
ments of produce which keep its barges
and tugs busy during the shipping sea-
son. There is no town of the same
population in British Columbia that is
so utterly lacking in public offices and
convenience usually granted for busi-
ness carrying on of court and governmental
business. For years and years the peo-
ple of Kelowna have asked for things
that are but their right—an adequate
federal building, a provincial court
house, a registry of the County and
Supreme Courts—but they have re-
ceived nothing, presumably because the
town has been regarded with contem-
tuous indifference as merely a lake ide-
port of call, not even a terminus of
navigation. But a new day is dawning,
and it seems a good omen that it is

contemporaneous with inauguration of
the new co-operative marketing move-
ment. Together, these two factors
should mean much for the prosperity
and development of Kelowna.

With direct rail connection, Kelowna
will naturally assume a position of
much greater importance in lake naviga-
tion than it now occupies, as it will
practically become the northern termi-
nus. With a fast steamer service on
the lake between Kelowna and Pen-
ticton, much better connection with the
Kettle Valley Railway both east and
west should be possible, and most of
the lake points north of Kelowna can
be served better from here than Okana-
gan Landing.

With unlimited electric power now
available at reasonable rates, the es-
tablishment and development of local
industries may be expected to follow
railway connection, especially those de-
pending for raw material upon what is
grown in the district. The range is
wide, and the provision of winter em-
ployment in continuous industries will
have a most beneficial effect in solving
an annually recurring problem.

Now that Sir Henry Thornton has
given a definite pledge, there should be
no uneasiness as to its fulfillment,
but it will not do to be lulled into a
state of blissful security and content.
We have suffered before from repeated
postponements, and the excuse may be
offered that no appropriation has been
made by Parliament to cover the work
of completion. It is therefore urgent
that this point should be seen to at
once, and a promise obtained from the
Government that Sir Henry's good in-
tentions will be supplemented by an
adequate appropriation to be made at
the present session, so that the Okana-
gan branch can be carried to comple-
tion without further delay.

THE BUSINESS
SIDE OF ZONING

The town planning division of the
Canadian National Parks Branch of
the Department of the Interior points
out that the zoning of cities becomes
obligatory in Great Britain during the
present year. In the United States
more than one hundred cities have a-
dopted zoning regulations and a num-
ber of Canadian cities are also moving
in this direction because "zoning sta-
bilizes property values" and reduces
the cost of civic government.

The zoning of cities has for its pur-
pose the direction of the future build-
ing development of the city along or-
derly lines and this in the interest of
all the phases of city life—commerce,
industry and residence. The cost of
jumble building on the moral side is
the destruction of the economic effi-
ciency, happiness and life of the people
and the creation of social disorder, dis-
ease and discontent. When slums de-
velop they create the gravest and most
expensive problem of communal life.
In an unzoned city the houses of the
well-to-do are usually protected from
jumble building by private restrictions,
though these restrictions become less
and less operative and effective with
the changes in property ownership. The
dwellings of the poor are often robbed
of their light and air and pleasant sur-
roundings and degenerate into slums,
which become the disease spots of the
city. Hospitals and prisons have to
be built and maintained at the public
cost to deal with the ill effects of bad
city building.

The distinct business side of zoning
brings illumination to the fact that an
unzoned city is constantly lowering the
assessment value of property and thus
decreasing the civic income and in-
creasing general taxes. An industrious
family man invests \$5,000 of his life
savings in a home. The property is
valued at \$10,000 and the home owner
obtains a loan on the recognized secu-
rity of 50 per cent margin in value.
As soon as the transaction is completed
the owner finds that an undesirable in-
dustry is opened up next door—this
through lack of zoning regulations. The
home value of the citizen's property
immediately drops to \$7,500 because
the home environment has been changed
for the worse. The home owner im-
mediately loses \$2,500, i.e., 50 per cent
of his life savings. The loan company
loses 50 per cent of its margin of secu-
rity and the city loses 25 per cent of
the assessed value of the property
because it is immediately called upon
to reduce its assessment by that amount.
The cost of zoning the city
might roughly be stated as one-tenth
of one per cent of the assessed
values involved.

PROVINCIAL ITEMS

A request that the government of
Canada place a duty on scrap copper,
scrap zinc and scrap brass, which now
enter the Dominion free, was embodied
in a resolution passed at a meeting of
the Associated Boards of Trade for
Eastern B. C., held last week at Trail.

At the meeting of the district fore-
sters of the provincial Forestry Branch
at the Parliament Buildings, Victoria,
last week, it was stated that some of
the disastrous forest fires of last sea-
son were undoubtedly of incendiary ori-
gin and that public opinion on this
subject would have to be aroused in
order to prevent such occurrences dur-
ing the coming dry season.

RUTLAND DRAINAGE DISTRICT

The ANNUAL MEETING of the
ratepayers of the above District will
be held on Wednesday next, 7th inst.,
at 7.30 p.m. in the Rutland School.

Local and Personal

Mrs. J. Harvey is paying a visit to friends at Vernon.

Mr. Duncan Wood, of Trout Creek, was a visitor to the city on Monday.

Miss Pugh, of Jernan Hunt, Ltd., left on a business trip to the Coast last week.

Miss C. Arbuthnot returned the latter part of last week from a month's stay at the Coast.

Mrs. Shattuck, of De Winton, Alta., is visiting her sister, Mrs. J. Ball. She arrived in the city last Friday.

Miss Lily Patterson left on Wednesday morning for Vancouver, where she will attend the School of Pharmacy and Science.

Mr. J. E. P. Henniker, who till recently has been on the staff of the Bank of Montreal at Armstrong, is now stationed at Kelowna.

Ald. W. E. Adams returned this week from Ontario, where he was called on account of the last illness and subsequent death of his father.

Mr. F. W. McLaine, of Vancouver, inspector of the London, Liverpool and Globe Indemnity Company, is spending a few days in town.

Mr. W. Ramsay, of the Bank of Montreal staff, left on Friday for Vancouver en route to Mexico, where he is being sent by the bank management.

Mr. W. Garner, former principal of the Kelowna High School, has been appointed supervising principal for the City of Trail schools, the appointment to take effect at the commencement of the April term.

Word has been received by Mrs. J. H. Brown that her husband, who left Kelowna for Calgary last Saturday in order to undergo a minor operation, there, has passed through the ordeal successfully.

The Ladies Aid of the United Church held a successful Birthday Tea and Sale of Home Cooking in the called for and delivered. Phone 285. Maple Leaf Cleaning and Dye Works 25-1c

Under an amendment to the Game Regulations, published in the "B. C. Gazette" last week, the whole pelt of coyotes and wolves must be forfeited to the Government in order to receive the bounty claimed for the destruction of such animals.

Mr. G. A. McKay returned from his visit to the Coast last week greatly improved in health, but had to leave on Sunday by car for Salmon Arm, where he took the train for Winnipeg, having been called to that city by the serious illness of his mother, who resides there.

Mr. D. McDougall came to Kelowna on Tuesday with a fine cougar skin. He shot the animal the day before near Rocky Point. At present no one here, however, can take affidavits under the Game Act, owing to new regulations in force, and he was obliged to proceed to Vernon to collect the bounty.

By defeating the Trail Tigers in the Smelter City on Monday night, the Enderby hockey team became intermediate champions of British Columbia, winning the Coy Cup. All hockey enthusiasts in the Okanagan rejoice in the merited success of the fast, skilled and clean-playing boys from the Northern Okanagan lumber metropolis.

The many friends in Kelowna of Mr. H. A. Renwick, son of Mr. and Mrs. T. Renwick, are pleased to learn of the important appointment he has received as secretary of the British Columbia Manufacturing Company, of New Westminster, one of the largest wood products concerns on the Pacific Coast. For the past eight years Mr. Renwick has been with the Kelowna Grovers Exchange and the Okanagan United Grovers, latterly filling the position of assistant general manager of the O. U. G.

The following officers were recently installed by Deputy Provincial Exalted Ruler J. B. Castner, on the occasion of his visit to the Kelowna lodge of the B. P. O. E.: Exalted Ruler, T. G. Norris; Est. Leading Knight, J. Kincaid; Loyal Knight, J. S. Cushing; Lecturing Knight, N. E. DeHart; Esquire, E. E. Rush; Secretary, C. B. Lattag; Treasurer, C. Owen; Trustee, S. T. Elliott; Historian, J. W. Jones; Inner Guard, D. V. Wyrzykowski; Outer Guard, G. A. Meikle. After the installation, a very pleasant banquet was held and the evening was passed in listening to good vocal and instrumental music.

A very plucky act, which has been kept modestly concealed, was performed by Patrol Leader Donald G. Balsillie of the Kelowna Boy Scouts during the recent cold snap, just before the thaw set in. It appears that he was on his way home, skating along the lakeshore and had just passed Stirling's wharf, when he heard cries of distress from two girls and three small boys who were skating nearby and who had broken through the thin ice. He immediately turned back and managed to bring them all to shore, no easy feat, as the little ones were out of their depth and he had to pull them out of the water and skid them over thin ice for a considerable distance.

The death occurred yesterday of Mrs. Elizabeth Campbell, who for the last year had been a resident of the South East Kelowna bench. The deceased lady, who had been a sufferer from chronic nephritis for many months, was a native of Ontario and came with her family to this province in 1884. She was married to Mr. Joseph W. Campbell, a son and a daughter, all of whom reside on the South East Kelowna bench, and a son at the Coast. The funeral service will be conducted by the Rev. E. D. Braden at the undertaking parlours, Kelowna, tomorrow afternoon at 2.30 and interment will be at the Kelowna Cemetery.

Dollar Day Bulletin

Saturday is the Banner Bargain Day of the whole year. We, along with the other merchants of Kelowna, have planned for weeks to give you a real old-fashioned DOLLAR DAY. The utmost value for your hard earned dollar. In some cases we have given you two and even three dollars worth of good seasonable merchandise for ONE DOLLAR. You will find us ready with a store full of Dollar Bargains; every counter, every table is piled high with these DOLLAR DAY SPECIALS. Remember these reduced prices are for SATURDAY ONLY.

Okanagan Loan and Investment Trust Company

HAVE YOU MADE YOUR WILL?

The Okanagan Loan & Investment Trust Company act as Executors, Administrators and Trustees of your Will.

However careful you may be in the choice of Executors their lives are often no more certain than your own. The ordinary Executor has his own business to attend to and is often without the necessary qualifications for handling Trust Funds to the best advantage of your Estate. To place upon his shoulders responsibilities which he may never be able to fulfil is often detrimental to the best interests of your Will.

When we act as Executors and Trustees of your Will your Estate will, in all circumstances, be administered to the best advantage. Our experience in the Investment of Trust Funds—when such are provided for in a Will—guarantee the utmost benefit accruing from your Estate.

The event of the week was the meeting in the Schoolhouse on Monday evening of those who had signed contracts with the Co-operative Growers of B. C. L. L. Growers. Interest was taken in the meeting and about fifty and gentlemen were present. After Mr. W. Crichton Snodden had been elected chairman and Mr. Gillespie, secretary of the meeting, the business commenced which was that of nominating a candidate for the Kelowna Local. Although the election will not be on the ward principle and our nomination does not bind the growers of other districts to vote for our choice, it is, we think, pretty generally understood that each director should be represented by a director and any district unanimously agreeing to nominate a candidate would have its choice ratified by the others. Some people even think that, as we shipped 500 tons of fruit last year, we should have two candidates. On a motion to put forward one candidate, by Mr. Hill, seconded by Mr. C. R. Reid, an amendment by Mr. A. Houlton, seconded by Mr. R. M. Hart, was moved that we propose two candidates. The amendment, however, was lost and the original motion carried. Col. Moodie, Messrs. A. Houlton, E. B. Powell and R. Hill were proposed. However, Mr. Powell and Mr. Hill refused to let their names stand, so the contest narrowed down to Col. Moodie and Mr. A. Houlton. Mr. Grogan and Major Collyer carried a motion that the qualifications of the candidates should accompany their nominations, which led to a difference of opinion as to the best qualifications in a director of the new concern.

Mr. E. B. Powell put a series of searching questions to each candidate, which both answered very cleverly in the best parliamentary manner, i.e. by glittering generalities without pledging themselves to anything.

It was decided to take the vote by ballot, and Messrs. Collett and Reid were appointed scrutineers. The result of the ballot was declared as: Col. Moodie, 30; Mr. Houlton, 9. While both candidates are equally well known and respected here, it is the general impression that Col. Moodie is a very capable man, and that he is known and would be an acceptable candidate to them. There is also at the present time on the Benches a feeling that officers should be divided and that no one should hold two offices.

Mr. Grogan was then called upon to give the result of the membership campaign. He stated that on the state of the growers and 87 per cent of the tonnage was signed up. He was asked to give the names of those who had not signed but declined to do so as yet, as they have still to the 31st March to sign up and one is loath to think people would stand out of a movement like this.

A collection of \$1.40 was taken up for the use of the hall.

As it is understood, in order to appoint the first Board of Directors of the Kelowna Local out of the best men available in each district and, if possible, to elect them by acclamation, committees are being formed in each district to consult together, Messrs. Collett, Gillespie and Houlton were appointed as our committee to co-operate with the other districts.

Votes of thanks to Mr. Grogan and the chairman closed the proceedings.

The Sports Club met last Saturday but could do little, due to the slushy state of the playground. A lady has kindly donated \$5.00 to our funds for the purchase of a football.

Mr. R. M. Hart met with an accident the other day not dangerous but very painful. Sitting down in a collapsible deck chair, he failed to notice that one of his fingers was caught in the hinges, and the back of the chair, descending, tore off the nail and tip of the finger.

Mr. Shankland has introduced a new breed of fowl to the Benches, having bought a flock of Black Minorcas.

People have still confidence in the future of the fruit industry. We hear one of the Upper Bench orchards has changed hands.

The Trustees held their usual meeting on Tuesday. The Manager was sufficiently recovered to attend. The June Springs reservoir is giving more trouble. Several people were called in to look into the matter. It is impossible, as the ripe fruit must be considered as an item of value other than cannery fodder, and two callings per week North bound makes it almost impossible to deliver all fruits such as the cherry and apricot in its semi-ripe condition and leaves too large a proportion to be sold as "ripe."

Dr. David Warnock, Deputy Minister of Agriculture, Victoria, stated at a meeting held recently at New Westminster that Women's Institutes have cleverer and more able financiers in their midst than the Farmers' Institutes, also that their business methods are better all round. Dr. Warnock is in a position to speak with authority, as he is superintendent of no less than 100 branches of the various provincial Women's Institutes and 150 Farmers' Institutes. Women in B. C. raised \$25,000 last year by means of these organizations and built community halls in many localities, besides contributing largely to local charities.

The provincial police force is to be thoroughly reorganized. Colonel J. H. McMillin, government agent at Prince Rupert, is to be the new superintendent of provincial police and will assume the duties of the position on April 1st. It is understood that he will have a free hand and will be allowed to make any changes he may think advisable in the present system of management.

It is now predicted that, given fair freight rates and proper space for storage of grain, Vancouver will become a flour-milling centre. At the present time the export trade in flour and grain handled at Vancouver is hampered by want of proper facilities of various kinds.

WORLD'S CONGRESS FOR THE DAIRY INDUSTRY

The international character of the dairy industry is responsible for the organization of the World's Dairy Congress Association. Under the auspices of this body and of the government of the United States, a World's Dairy Congress has been arranged to be held in Washington from October 2 to 5 this year. The vast extent of the dairy industry and its international status are recognized by those responsible for the congress. Scientists, health officials, government officials, social welfare workers, and producers, manufacturers and distributors of milk and milk products will contribute to the discussions. These will relate to improving the quality and reducing the production and handling costs of dairy products and improving national health through their more general use.

The international aspect of the commercial side of dairying has not been overlooked. It is recognized that the movement of surplus dairy products from Australia, New Zealand, the Argentine Republic and South Africa northward profoundly affects prices in Canada, the United States and Western Europe. The Congress is called together by President Harding, who has been authorized by Act of Congress to invite foreign representatives to attend.

The Minister of the Interior has set the date for the opening of the Banff-Windermere motor highway through the Canadian Rockies for traffic for Saturday, June 30. The official ceremony will take place about noon at Vermilion Crossing, a point midway between Banff, Alberta, and Windermere, British Columbia. It is proposed that motorists from the east or west end of the road and from the respective points early leave in the morning of that date to meet at the Crossing at noon in time for the ceremony.

The new highway, which forms the connecting link in the 6,000 mile "Grand Circle Tour" through Western Canada and the United States, was completed last fall and the engineers expect that by the end of June everything will be in readiness for the opening and the summer traffic.

The new road is built through the heart of some of the finest scenery in the Rockies, seventy-three miles of it being through virgin mountain and forest country where many of the peaks as yet bear no name. One of the unique features of the road is that it crosses two mountain passes. The main range of the Rocky Mountains is traversed via the Vermilion pass at an altitude of 5,600 feet and later the road is carried over the Brisco range through the Sinclair Pass at an altitude of 4,950 feet. The grades, however, are easy, the average being 3 per cent. A grade of 9 per cent is the maximum and this occurs only at one point over a stretch of about 400 feet.

BANFF TO WINDERMERE ROAD OPENS IN JUNE

The Minister of the Interior has set the date for the opening of the Banff-Windermere motor highway through the Canadian Rockies for traffic for Saturday, June 30. The official ceremony will take place about noon at Vermilion Crossing, a point midway between Banff, Alberta, and Windermere, British Columbia. MARCH NUMBER OF "ROD AND GUN"

The March issue of "Rod and Gun in Canada," the well known Canadian sportsman's magazine of the out of doors, contains many attractive features and abounds in stories and articles that are sure to please. "In the Canadian Alps," by Campbell J. Lewis, is a breezy, interesting article, while "Bonnycastle Dale's" article, "Spugging the Lumpsummer," is worthy of special mention. Harry M. Alcorn, whose work is popular with "Rod and Gun" readers, is among the writers who contribute red-blooded stories. H. Mortimer Batten is another. C. S. Landis and Robert Page Lincoln are at their best in their descriptions of Guns and Ammunition and Fishing Notes, respectively, while the other department is a feature of outstanding quality. The magazine is illustrated profusely throughout, and in every way the March issue is one that no one will want to miss.

"Rod and Gun in Canada" is published monthly at Woodstock, Ontario, by W. J. Taylor, Limited.

The Revelstoke Board of Trade is keeping up a continuous agitation for the construction of a highway from that city to Golden. In this connection it is pointed out that, if this link were completed, cars from every portion of the Okanagan, Yale and other adjoining districts could travel through to Calgary.

It takes too much feed to produce a pound of gain after the third week to make it profitable. This applies to crate fattening.

Before fattening chickens, they should be dusted with insect powder. A lousy chicken can never make the best gains.

POULTRY NOTES.

Three Weeks Enough For Fattening

Three weeks of fattening is long enough for the average run of farm chickens, and in some cases even two weeks may be long enough. At commercial fattening plants, ten days to two weeks is usually the length of time for fattening.

Chickens generally make but small gains the first week, but the second week good gains should be made. The third week the gains will be smaller again, and the fourth week they will be still smaller.

It takes too much feed to produce a pound of gain after the third week to make it profitable. This applies to crate fattening.

Before fattening chickens, they should be dusted with insect powder. A lousy chicken can never make the best gains.

STAMPING OUT TUBERCULOSIS AT ITS SOURCE

The Disease In Cattle To Be Eradicated From Certain Districts

The Dominion Department of Agriculture has taken a further step towards the eradication of tuberculosis in cattle. By a recent Order-in-Council, eradication by prescribed districts will be undertaken by the Health of Animals Branch. The Department is prepared to apply quarantine to restricted areas on the request of a provincial government, and to test cattle for the disease. The quarantine will be applied, in so far as bovine tuberculosis is concerned, under such conditions as will prevent contact with cattle from outside. Owners of the cattle within the area will be required to assist the veterinary inspectors by collecting the cattle when required and by giving such help as may be reasonably demanded. Testing will be performed by accredited veterinarians and will be completed as rapidly as possible. Compensation will be paid for such re-actors as are destroyed. Provision is made for saving for breeding purposes valuable animals that react to the test. These, if the owner desires, may be segregated under what is known as the "Bang system," this being virtually a quarantine from which only the newly born calves may be saved and returned to the healthy herd.

SHRINKAGE IN STORED HAY

(Experimental Farms Note)

Almost every buyer of baled hay has felt either annoyed or elated at finding the actual weight of the bale that he has purchased either more or less than the tagged weight. Of course the popular opinion is that the actual weight of the bale is more often less than it is more than the tagged weight. There is some measure of truth in this contention, but often no justice is being done the person who buys a bale of hay which actually weighs a very few pounds less than the tagged weight that has been paid for.

Let us consider just what shrinkage consists of and when the greatest amount of it occurs. The making of hay from the freshly cut forage plants consists chiefly in the reduction of the moisture content from approximately 65-75 per cent to from 12-15%. When the newly cured hay is stored in the barn or stack, it goes through a process that is generally termed "sweating," during which process still further moisture is lost. Of course we have other changes going on as well, but the thing I wish to bring out is that shrinkage in weight during the whole process of curing hay consists almost entirely in the loss of water and not in food constituents. If only properly cured hay has been baled, no alarm or annoyance should be felt at a small variation from the original tagged weight. This variation is water and not food material, and the bale has just as high feeding value as when first put up and weighed.

By properly cured hay is meant hay that has been properly handled previous to being put in the barn and has subsequently gone through the sweating process, which is normally ended in about a month after storage.

There are cases, however, where hay is baled before going through the entire curing process. In such instances the original bale does not contain all of the food constituents that it should because of the excess moisture it carries. The shrinkage in such hay does represent a loss that the buyer has a legitimate right to complain of. The looseness of the binding wires often indicates hay baled before being properly cured, and where this occurs the buyer is well advised to check up all tag weights and, if possible, buy only by actual weight at time of delivery.

Where hay, either loose or in bales, is bought according to weight at time of delivery, the last cent in value can be obtained by purchasing after a long dry period. To the seller of hay the reverse would hold, the greatest weight of a given quantity of cured hay being after a prolonged period of damp weather. As both the buyer and seller cannot be accommodated at the same time in this matter, the fairest thing to do is for the producer to see that only thoroughly cured hay is baled and for the consumer to accept the tag weight of such hay, knowing that he is getting the food value he is paying for.

G. P. McRostie,
Dominion Agrostologist.

DISTINGUISHED FRENCH ARTIST PASSES AWAY

PARIS, March 1.—Francois Flameng, painter, died here last night. He gained special prominence as a portrait painter and had to his credit portraits of such notables as the former Empress of Russia and the Queen of England.

A HUMOROUS STORY OF FAMILY LIFE

How An Ex-Soldier In "Clarence" Brings Happiness Out Of Discord

"Clarence," to be shown at the Empress Theatre on Friday and Saturday, is a chapter from the lives of the members of the Wheeler family and of the influence brought into them by Clarence, an ex-soldier. The Wheeler family is all at sixes and sevens, with everyone having his own particular grievance, and getting on every one else's nerves. Mr. Wheeler is an inveterate sponge, absorbing business while his wife is thirsting for admiration.

She is jealous of Violet Pinney, the governess, because she thinks her too pretty to be competent. Cora Wheeler, a flapper, and Bobby Wheeler, who is expelled from school within a few days of being admitted, are the two children and they are continually quarreling. Another ingredient in the family discord is Hubert Stem, Mr. Wheeler's private secretary, while Della the maid, and Dinwiddie the butler, also do their share in sustaining the air of discontent that prevails in the Wheeler household.

It is into this family that Clarence comes. Clarence has seen active service on a Fox rifle range, having been wounded by infection there. He is an authority on Missouri mules, and a master of the saxophone. He hypnotizes Mr. Wheeler into giving him a job, and soon he is the confident of every member of the household.

He sees that Stem is making a wild play for Cora and is instrumental in foiling an elopement. But in so doing he drops his pocketbook and from papers found in it Stem jumps to the conclusion that Clarence is a deserter. Clarence complicates matters by falling in love with Violet. He is explaining Cora's attempted elopement to her when Bobby, who is madly in love with Violet, lands into Cora and they have a regular boy and girl scrap. Wheeler asks Violet for an explanation. Mrs. Wheeler decides that Violet must go. Mr. Wheeler asserts that he will leave with her.

Matters are at a crisis and the home is on the verge of being broken up, when on the scene, dressed immaculately, strolls Clarence, playing the saxophone. Cora, forgetting her imagined love for Stem, takes possession of him and leads him to her mother. Mrs. Wheeler decides that here is a man who will appreciate her. Della also reacts to his charm, and together the three listen to the melody pouring from the saxophone.

Later, that evening, Clarence and Mrs. Wheeler are together in the garden when the young man's attention is attracted by a beetle, and he completely forgets the woman by his side. Wheeler sees them from a window and demands an explanation.

Stem decides to play his trump card, and produces the supposedly incriminating pocketbook. Things look black for Clarence. Then Dinwiddie recollects that a letter once came for Dr. Smith and this is eventually dug up. It now develops that Clarence is Dr. Smith, an eminent coleopterist. The letter is from the Dean of his college offering him a position as Professor of Entomology.

The situation is cleared up and Stem thrown out of the house. Mr. and Mrs. Wheeler are reunited, Della and Dinwiddie fall into each other's arms, Cora and Bobby realize that life's greatest tragedy is theirs, and Clarence and Violet decide to spend the rest of their lives together.

The Chilliwack Producers Exchange, a co-operative concern, has declared its seventh annual dividend of six per cent. Last year's operations were the most successful known in the history of this flourishing institution.

Provision has been made at Ottawa for the payment to the various provinces of a grant amounting to \$900,000 to be used in giving agricultural instruction at various provincial centres.

15 ACRES, 11 acres in bearing orchard, best commercial varieties; 3 acres in hay; bungalow of 6 rooms, with full basement; poultry house; garage. A first class orchard property. Price \$10,500

10 ACRES, 5 acres in Orchard, 8 years old. The whole property is in alfalfa. Small one room cottage; root-house and chicken house. Ideal for chickens. Price \$1,800.00

\$900 Cash; balance on terms. See Our Complete List of ORCHARDS, MIXED FARMS AND CITY PROPERTY INSURANCE in all its Branches E. W. WILKINSON & CO. Established 1893. Corner Bernard Ave. and Water St. Phone 254

POTATO EXPERIMENTS AT INVERMERE

(Experimental Farms Note)

At the present time there are three methods of improving the potato. First, the purification of existing varieties and the maintenance of strong, vigorous stocks. Second, the utilization of bud mutations. Third, the development of new varieties from seed.

Under the first heading this Station is testing out many of the present-day varieties that are being grown throughout the Dominion. The varieties are kept absolutely pure, and by roguing and individual tuber selection vigorous stocks are obtained. Individual tuber selection was started three years ago, after hill selection had been tried out for a number of years and found unsatisfactory. The tubers are brought out to the light three or four weeks before planting time and allowed to sprout. Only tubers showing marked sprouting tendencies are selected. All varieties do not possess the same sprouting characteristics, but the grower will, readily learn to distinguish the strong tubers, and will select accordingly. With this method the yields of 22 varieties have been nearly doubled during the past three years; the average yield of the 22 varieties from 1917 to 1919 being 14 tons, 605 lbs. per acre. The average yield of the same varieties from 1920 to 1922 was 27 tons, 620 lbs. per acre. It is our belief that a great deal of study should be given the sprout of the potato, as it may be possible to eliminate more of our present-day diseases by this method than by others.

From the second method of bud mutation little hope can be held out of improved varieties, although most investigators are constantly on the look-out for mutations.

From seedbuds, whether naturally or artificially pollinated or cross-pollinated, it is possible to develop new varieties. The seed is treated similarly to the seed, being planted in hotbeds and transplanted a couple of times before being set out in the open. From the large number of colours, shapes and forms that appear, selection is necessary, followed by tests with standard varieties.

During the past two seasons some work on soil fumigation has been carried on in the control of scab and rhizoctonia; creolin, pacolin and crude carbolic acid being used. These products are thoroughly mixed with a small quantity of soil, broadcast over the area, and thoroughly worked in. The results have been quite marked, and further experimental work in the way of trying out various strengths and times of application will be conducted.

R. G. NEWTON, Superintendent, Experimental Station, Invermere, B.C.

DOLLAR BARGAINS

Striped Flannelette, 5 yards for \$1.00

Striped Flannelette, 3 yards for \$1.00

Special Pongee, per yard \$1.00

Shetland Floss, 9 skeins for \$1.00

Silk Hose in brown, navy, white and black; 2 pairs for \$1.00

Cotton Hose in black, white and brown; 3 pairs for \$1.00

Children's Hose in blue, pink, white and cream; sizes 4 to 7½; 3 pairs for \$1.00

Chamoisette Gloves, per pair \$1.00

Women's Directoire Knickers, in sky, pink and white, 2 pairs for \$1.00

Women's Bloomers in white, per pair \$1.00

Curtain Scrim, with colored spot, 5 yards for \$1.00

Linen Roller Towelling, 4 yards for \$1.00

Turkish Roller Towelling, 4 yards for \$1.00

Bonner Worth Sweater Wool, 7 balls for \$1.00

Hair Nets, Peeress and La Mode, 12 for \$1.00

Lovely Handkerchiefs, 10 for \$1.00

Arrow Collars, stiff or soft, 4 for \$1.00

Pure Linen W. G. & R. Collars, sizes 16½ 17, 17½ and 18; 10 for \$1.00

MEN'S TIES. A very special line, for \$1.00

Boys' Ties, new, knitted, fancy, 2 for \$1.00

Men's Silk Sox, assorted colors and patterns, pair \$1.00

Fine Lisle Sox in different colors, 2 pair for \$1.00

Summer Work Sox, 3 pairs for \$1.00

1 pair Men's Braces and 1 pair Garters for \$1.00

MEN'S BRACES, SPECIAL VALUE for, per pair \$1.00

Boys' Negligee Shirts, size 12 and 12½, 2 for \$1.00

Boys' Caps, very fine pattern and quality, each \$1.00

Boys' Flannelette Pyjamas, per garment \$1.00

Men's Handkerchiefs white, khaki or bordered, 8 for \$1.00

SPECIAL IN BOYS' BLOOMERS, in pairs \$1.00

only, seats thrown in; per leg \$1.00

Men's Felt Hats, each \$1.00

SHOE VALUES EXTRAORDINARY

\$1.00 OFF every \$5.00 value in Men's and Women's lines, thus:—\$5.00 values \$4.00; \$10.00 values \$8.00. Misses', Children's, Youths', and Little Gents' will bear the same discount—\$2.50 values for \$2.00 and \$5.00 values for \$4.00.

WE WILL HAVE ON DISPLAY MANY LINES NOT MENTIONED HERE FOR WANT OF SPACE.

AT THE EMPRESS THEATRE
Wednesday and Thursday, March 7th and 8th

The annual meeting of the B. C. Wool Growers' Association will be held tomorrow at Kamloops. Addresses will be given by Hon. E. D. Barrow, provincial Minister of Agriculture, Professor H. M. King, of the University of B. C., and others.

Large shipments of Australian mutton have recently reached Vancouver, in spite of the fact that in many parts of B. C. farmers cannot market their sheep easily. This is because the sheep farmers in this province are not organized for co-operative marketing.
